Restaurant venues may differ, but are happy to work with you to ensure time is not an issue.

#### Services built right into the rental from the start

We provide many of the basic components from which you can design your wedding such as furniture, A/V equipment, staff and many day-of needs, so you can focus on the details that will make your day special.

#### Venue Coordinator\*

As part of your experience we include a day-of Venue Coordinator who is available to greet your guests and vendors, manage the venue, and work with your team to assist with room flips.
